

Hello Children!

Here is a postcard to say I'm thinking of you all and to share what I have been up to over half term.

I hope you are all well, safe and happy.

I have been a busy bee over half term enjoying time with my children.

We have played lots of games like Jenga and Monopoly (this took a few days to finish). My children even got me playing Twister, which is a game where you end up trying to balance in funny positions! I got my arms and legs tangled and wobbled over, it was very funny! I hope you have found lots of things to make you smile and giggle.

I got permission from my brother to visit his chickens. He has 7 chickens and they had all laid 1 egg so that meant I had 7 eggs for our tea. They have funny names like Mrs Mertle and Ariel. Some of them lay eggs that are brown and some that are white.

My children have flicker scooters, and I decided that I would like to learn how to do it. I've not quite mastered how to do it yet, but I won't give up! I felt a bit silly but I've had lots of fun trying! I love learning new things and another new challenge I have set myself is to learn some songs on the keyboard. My teenage son is a very good teacher and is very patient with me!

I can't wait to read about what you have been up to. Email me back! Send them to year1@cavclosei.derby.sch.uk.

We made tin foil models to make an animation. You really can use anything to make sculptures.

Stay safe and remember to be kind to everyone around you.

Most of all have fun and smile!

Love from Miss Harker xxx.

Class 5

Chaddesden,

Derby

I love bike rides. You can't see it in this picture but I have a handy basket on the front for my bottle of water.

My cat likes to join in playing in the dolls house!

We have been to visit some chickens. We fed them and collected the eggs.

Here is a cake we made. We experimented and put bananas in the mix too. It was delicious!

I have been creative in lots of ways. Even my dinner got turned into an artwork!
