

Dear Class 9. A big hello to you, my lovely lot!!

I hope you and your family are all well. Oh my goodness, I miss you all so much!! It has been over 10 weeks since I last saw most of you but I want you to know that I still think about you all of the time. I know a lot has probably changed since I last saw you, many of you have had birthdays, lost teeth and hopefully you have had lots of fun at home.

I hope you have all been keeping safe and enjoying some time outside, in the garden or at the park. I have been loving this glorious weather. As some of you may know, I don't have a garden where I live. But I do have a balcony so I like to sunbathe out there reading my favourite books- being sun safe of course! My balcony overlooks a river and I like to stand and watch the rowers passing by in their rowing boats. It looks like so much fun.

I have been eating lots of fruit and salads but I did have something a little bit unhealthy the other day... a pizza hut takeaway!! I don't have takeaways very often, only sometimes as a treat but I am really missing going to restaurants and out for dinner. Where will you like to go most once it is safe for us to go out again? I can think of lots of places I would like to go!

When I am not teaching at school, I like to go on lots of holidays! So I am a little bit sad as I don't have one booked yet. But I have been enjoying looking at my old photos from when I was on holiday and it makes me smile. If you have been holiday, where has been your favourite place? My favourites were Barcelona and Mexico. I always send my sisters post cards like this one when I go on holiday. I miss my family so much and I can't wait to see them. I bet there are lots of people you are missing too, but just remember that when you can see them again it will feel really special.

I would love to hear from you so please write me a postcard back and tell me how you are and what you have been up to. I know Mrs Mills and Miss Richardson wanted me to say hello and that they miss you lots too. We hope we can see you soon.

I am really proud of how safe, sensible and brave you are all being.

Take care. Lots of love from Miss Swain xxx

## Class 9 Chaddesden, Derby

Some beautiful flowers that I got in the post. They cheered me up.

A photo of me and my lovely sisters when we were in Turkey last year. It makes me smile looking at photos of them.

A photo of me and my friends outside a famous building in Barcelona. It is called the 'Sagrada Familia'.

My Pizza Hut treat!

Can you spot the rower on this photo I took?
