Tree Town.

Dear Children,

My name is William and I live on Grimloch Lane. It used to be such an ordinary street until one magical night. It was two weeks ago I woke up to hear a commotion in the street. I looked out of my window in amazement to discover a wise owl had appeared as if by magic in the tree. Then every night after a new topiary appeared. A topiary is when someone has trimmed and shaped a tree or bush to be a special shape like an animal.

Have you ever seen such a thing?

Take care,

Love from William.
