

Badgers are black and white. Can you think of a bird which is black and white too?

Hi everyone!

Did you manage to find any black and white road signs yesterday? I have been walking in the woods near my house and I have seen big holes where the badgers live. A badger's home is called a 'sett'. I have chosen a story for today about a badger who likes digging holes! Can you find out more facts about badgers?

Talking

**Talking and playing with your child is the best way for your child to learn**

Positively give instructions. For example, say 'walk' not 'don't run!'

Word Wise

Letters and Sounds

When I went into the woods on my walk I needed to work out what to take. Blend these words together to find out what I took with me. You could draw each thing I took too.

Our Wonderful World

Have fun making a badger mask for yourself using the template below!

Can you pretend to be a badger?

Badgers move on all four legs and like to sniff around in the dark.

Can you think of any other birds and animals that are black and white?
