- 5 common words – can you write them in a list?
- 5 words containing the graphemes 'v or w'.
- 5 Capital letters

Word Wise

Letters and Sounds

- Create your own set of number cards 0-20. Can you put them in order?
- Have a go at writing the number names to ten!

Maths

Take part in our fantastic Maths trail – you will find this in resources on the school website!

Ask your grown up to print or copy the letters and numbers onto paper and hide around the house or garden. When you find a number, tick the number off or write the letter down on the sheet provided. Once complete ask your grown up to read the phrase.

What does it say?
