Amazing changes
all start with
a tiny idea
Sam x

Joe was a boy with a wild imagination.
It took him far away to a world less ordinary,

to a place very different from ...

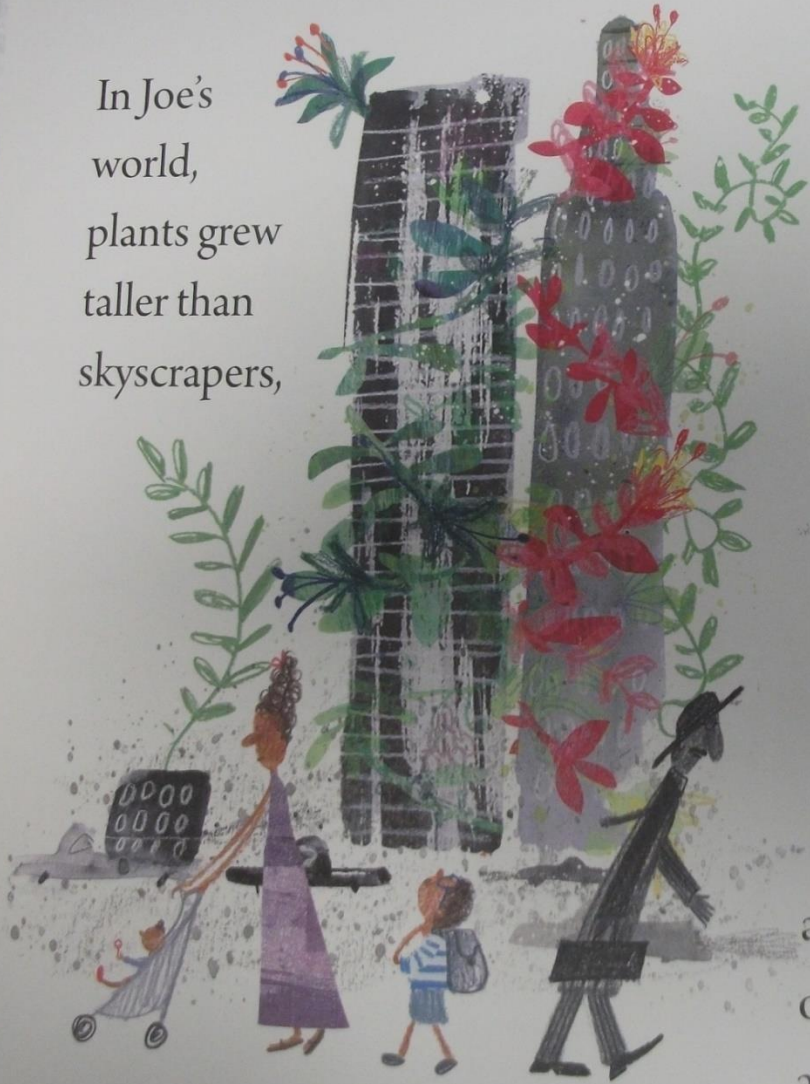

Why do you think
everything is grey?

the world outside.

In Joe's
world,
plants grew
taller than
skyscrapers,

and animals unlike any
other roamed the streets
and soared through the sky.

What does extraordinary
mean? Can you think of
other words that mean
the same?

Why do you think there
is colour on this page?

What was Joe's
imaginary world like?

Every day, Joe longed
for his world
to come to life.

Then one night,
while he was reading
his favourite book,
an idea began
to grow.

What does he mean that
an idea began to 'grow'?

What could his idea be?

It was full of beauty,
colour, scent and song,

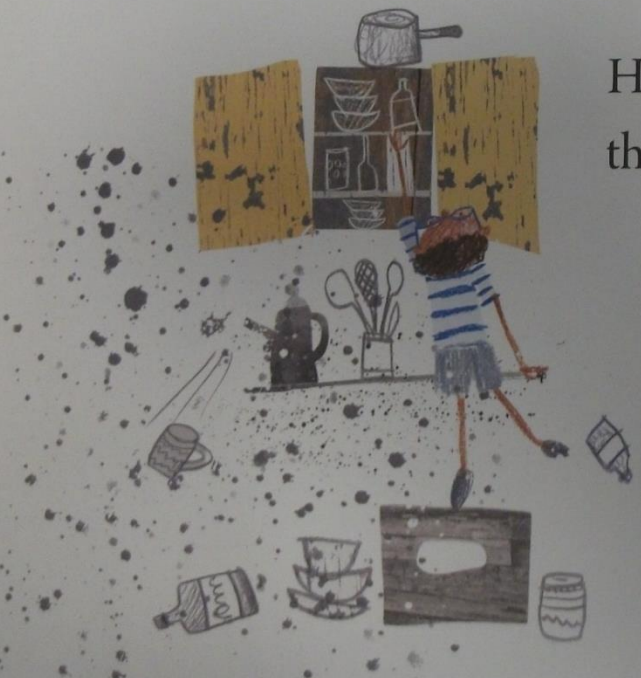

What does the picture
show?

and it all started with
something very small.

The next morning, Joe went in search of the one little thing that would bring his idea to life.

He looked in all the usual places,

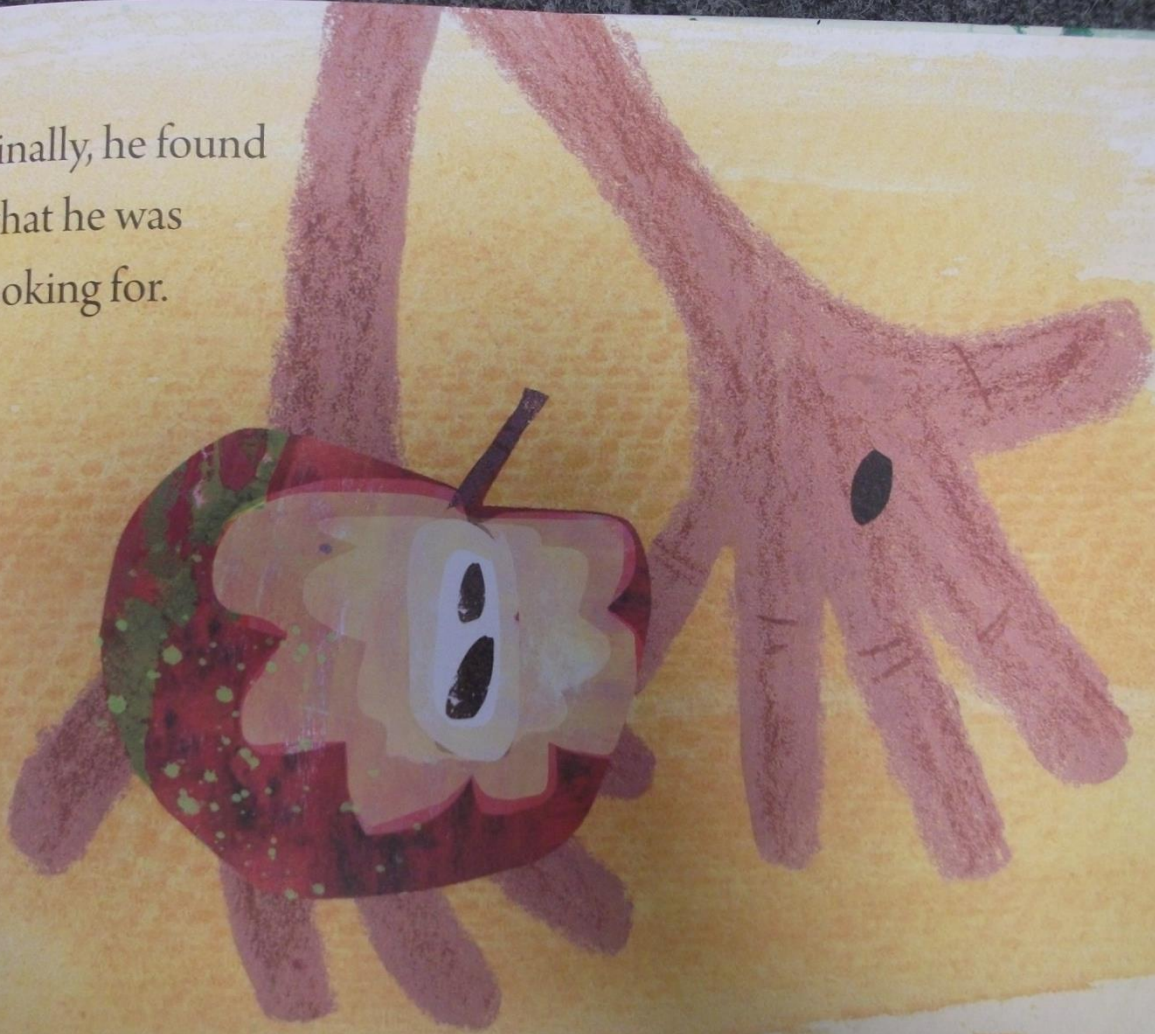

and the not so usual.

Where did he look?

Finally, he found
what he was
looking for.

What did he find?

Why was he looking for
them?
