

## Cavendish Close Infant and Nursery School

# FULL SCHOOL RETURN RISK ASSESSMENT- COVID-19

**September 2020 – To be read, understood, and implemented consistently by ALL staff groups**

**Updated March 2021**

HAZARD	RISK GROUP	RISK	<b>CONTROL MEASURES</b> (Describe the existing workplace precautions and risk control systems in place) <b>PROTECTIVE SAFETY MEASURES</b> <b>SAFE WORKING MEASURES</b>	Residual Risk Rating HIGH MED LOW	Are Existing Controls Adequate?	
					Yes	No*
Full return back to school from March 8 <sup>th</sup> 2021	Pupils Staff Parents Others	Spread of Infection	<ul style="list-style-type: none"> <li>All pupils expected to return to school.</li> <li>Staff and Parents will follow the same control measures as previously stated. Updated 6.1.21</li> </ul>	Medium	Yes	
Pupils and Staff coming into close contact with person tested positive for COVID	Pupils Staff	Risk of spread of infection	<ul style="list-style-type: none"> <li>Pupils, and staff coming into contact with a positive case must self-isolate at home as they are at a greater risk of having contracted the virus and could pass this on to others.</li> <li>This is in-line with the guidance for all other sectors of the community and NHS Test and Trace guidelines. Updated 26.01.21</li> </ul>	Medium	Yes	
Staff receiving LFD Tests to conduct tests at home	Staff	Risk of infection	All schools and colleges should offer regular twice weekly testing to their staff. Testing is not mandatory for staff and they do not need to provide proof of a negative test result to attend school or college in person, although participation in testing is strongly encouraged. This is in-line with the guidance for all other sectors of the community and NHS Test and Trace guidelines. Updated 26.01.21 <ul style="list-style-type: none"> <li>Anyone with a positive LFT result will be required to isolate for 10 days from the date of the positive LFT (with the test date being day 0). The legal duty to self-isolate is triggered by a positive LFT.</li> <li>It is also necessary for the setting to isolate any close contacts of the case for the 48 hours prior to the LFT test being conducted.</li> </ul>		Yes	

			<ul style="list-style-type: none"> <li>• Anyone with a positive result will need to take a confirmatory Polymerase Chain Reaction test.</li> <li>• If the confirmatory PCR test is positive, the person is required to continue to isolate for the 10 day period. If the confirmatory PCR test is negative, the person can end isolation and return to their normal routine.</li> <li>• It is necessary for the setting to isolate close contacts of the case for the 48 hours prior to the LFT being conducted. A negative PCR would allow the close contacts to end isolation so we would advise that the wording used allows this to be an option.</li> <li>• Should the person go on to develop symptoms during the isolation period, the isolation period will restart from the first day symptoms appear. Updated 3/3/21</li> </ul>			
Concerns or issues regarding testing and COVID	Staff	Complaints or concerns	Schools and colleges in England can raise questions, concerns or report issues, via the DfE coronavirus helpline: 08000 468687 or at <a href="mailto:RapidTesting.SCHOOLS@education.gov.uk">RapidTesting.SCHOOLS@education.gov.uk</a> . Updated 19.1.21			
Testing Staff who have recently returned after a positive result	Staff	False Positives	<ul style="list-style-type: none"> <li>• If staff have recently (within 90 days) tested positive for COVID-19, they are likely to have developed some immunity.</li> <li>• These people are exempt from testing by both PCR and LFT within 90 days of a positive test, unless they develop new symptoms.</li> <li>• However, they may choose to take a LFT after the isolation period. If found positive on LFT, they will be required to self-isolate for 10 days or longer if symptomatic. This should only be done after completion of the required self-isolation period</li> <li>• A new LFT must <b>not</b> be taken whilst the person is still within a period of isolation. If symptoms (other than cough or a loss of, or change in, your normal sense of taste or smell) persist for longer than 10 days, this isolation period could be longer.</li> </ul>	Low	Yes	

			<ul style="list-style-type: none"> <li>• <b>Further PCR tests, within 90 days of a positive test result, should only be obtained where the person develops a new incidence of symptoms. Updated 03/03/21</b></li> </ul>			
Arriving at school for the start of the day	Staff Parents Pupils Others	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Inform parents of pupils' entrance points in advance of the new term starting via website and Teachers2Parents letter 17.7.20.</li> <li>• Implement a one-way system on site when parents bring pupils to school. Visible staff presence during drop off time to support the system. Clear floor markings and signage.</li> <li>• 2 metre rule to be enforced while parents are waiting for staff to receive pupils, if this cannot be enforced, a 1 metre + rule to be adhered to. Parents wait against the building. Parents can pass on the outside of the path.</li> <li>• Parents will not be permitted to enter school and should watch their child walk into the correct entrance past a member of staff before moving on promptly. Parents must stay 2 metres away from the doors and staff.</li> <li>• Parents wishing to talk to staff must make an appointment by ringing or emailing school. Where possible, communication will be by telephone.</li> <li>• If face to face meeting is arranged, hold it outdoors if possible, if not, consider holding the meet close to the main entrance, social distancing measures in place.</li> </ul>	Medium	<b>Yes</b>	
School uniform	Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Pupils are encouraged to attend school in school uniform as it is easily cleaned (washing machine). Uniform does not require cleaning any more than usually.</li> <li>• As all PE will be outdoors, pupils should wear appropriate and sturdy footwear. No heels or slip on shoes are allowed.</li> </ul>	Low	<b>Yes</b>	
Wider public transport	Pupils Driver Public	Risk of Infection	<ul style="list-style-type: none"> <li>• Where possible, encourage pupils to walk to school. Parents must avoid public transport if possible.</li> <li>• If travelling by car, avoid travelling with anyone outside your household or support bubble, refer to <a href="#">Coronavirus covid-19 safer travel guidance for passengers</a></li> </ul>	Low	<b>Yes</b>	

			<ul style="list-style-type: none"> <li>• Where possible, staff should avoid car sharing. If this is unavoidable staff <b>should</b> wear face coverings and refer to the safer travel guidance linked above. Face coverings are not a substitute for maintaining social distancing. Updated 21/10/20.</li> <li>• No bikes or scooters are allowed to be used on site for safety reasons.</li> <li>• Pupils must walk alongside their parent.</li> <li>• Pupils must wash their hands as soon as they arrive at school.</li> <li>• Pupils and staff using public transport must wear a face covering (unless exempt). Updated 26.01.21</li> </ul>			
Face covering	Pupils Staff	Risk of Spread of Infection	<ul style="list-style-type: none"> <li>• All staff <b>must</b> wear a face covering when arriving and leaving school.</li> <li>• All staff must wear a face covering in all communal areas, when moving around school AND when they are outside of their usual class bubble/work space/office, including the staffroom unless eating. Updated 25.2.21</li> <li>• All staff must wear face coverings when speaking with Parents/Carers. Updated 5.1.21</li> <li>• Parents have been asked to wear face masks/coverings.</li> <li>• Face Masks (Not shields) are optional in classrooms when staff cannot safely maintain social distancing (2 metres). Updated 25.2.21</li> <li>• Face masks/coverings are optional in the hall during Breakfast Club and dinner time. Updated 25.2.21</li> <li>• Where you cannot stay 2 metres away from children or adults, you <b>must</b> wear a face mask and limit contact. Updated 25.2.21</li> <li>• When face coverings are worn, they must be removed correctly without touching the front of the mask (remove by loops on ears).</li> <li>• All staff should wash or sanitise their hands immediately on arrival / after removing face coverings / before heading to the classroom as</li> </ul>	Medium	<b>Yes</b>	

			<p>explained. <a href="#">Safe working in education childcare and children's social care</a></p> <ul style="list-style-type: none"> <li>• If disposable face masks are worn, they must be disposed of in a closed bin.</li> <li>• If material re-usable face masks are worn, they should be placed inside a disposable bag and taken home to re-wash before reusing.</li> <li>• Face coverings are not a substitute for maintaining social distancing and good hand hygiene.</li> </ul> <p>Updated 19/10/20.</p>			
All year groups returning to school on 8 <sup>th</sup> March 2021	Pupils Staff Parents Others	Risk of Spread of Infection due to large groups of pupils	<ul style="list-style-type: none"> <li>• Continue with staggered start times to reduce congestion on site. Parents must be on time. Late arrival compromises the safety of our class bubble approach. Parents should avoid arriving on site too early. This has been communicated to parents/carers/staff.</li> <li>• Pupils should be brought to school by only one adult.</li> <li>• Parents should not gather on site or immediately outside the school gates to reduce congestion. Updated 6.1.21</li> </ul>	Medium	Yes	
Staff receiving child from parent	Staff	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Staff receiving children to remember the 2 metre rule (or 1 metre + if not viable).</li> <li>• Staff will direct children going up to the first floor to use hand sanitiser (at least 60% alcohol based) before holding onto the stair rail and proceeding to their classroom. Bubble staff member will clean the stair rail when the class bubble have all arrived.</li> <li>• All pupils will be directed to wash their hands on arrival (member of staff will supervise). Toilet area sinks or classroom sink. Wash hands for at least 20 seconds using liquid soap and running water. Dry with paper towels.</li> </ul>	Medium	Yes	
Children bringing equipment into school	Staff Parents Pupils Others	Risk of spread of infection	<ul style="list-style-type: none"> <li>• Parents and pupils are informed to keep items brought into school to a minimum. Only essential and necessary items.</li> <li>• Only bookbag and lunch box (if not having a school meal) are permitted.</li> </ul>	Low	Yes	

Classroom arrangement	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• The classroom must be set up where possible with all tables forward facing with pupils sitting side by side. Remove excess furniture out of the classroom.</li> <li>• The teacher's desk must be kept 2 metres away from the children's tables.</li> <li>• A reduced continuous provision offer will be available for children to use in small numbers. Limited resources will be available with regular cleaning in between groups. Each continuous provision area will be thoroughly cleaned by classroom staff once a week. All areas will be kept clean and tidy.</li> <li>• Children will not play in sand or water.</li> <li>• Children will not access soft furnishing including puppets and dressing up clothes. These should be stored in the classroom cupboard.</li> <li>• All classroom surfaces will be kept clear to facilitate regular cleaning.</li> <li>• Tables and high touch areas will be cleaned by classroom staff during break and dinner times.</li> <li>• All cleaning products MUST be kept in a high secure cupboard with restricted access, out of reach of children.</li> <li>• Tissues available in each classroom for pupils to use when coughing or sneezing and they must go into a closed bin after one use before washing hands thoroughly.</li> <li>• <b>Good ventilation maintained updated 25.2.21</b></li> </ul>	Medium	Yes	
Class / Year group bubbles	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Where possible, pupils are to be kept in their class bubbles. They should not mix with other bubbles. Break and dinner times are all staggered.</li> </ul>	Medium	Yes	
Classroom teaching and learning	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Teaching staff must keep a safe distance from pupils at all times, where possible, when teaching.</li> <li>• Where pupils may require extra assistance - a 2 metre rule must try to be enforced, if not viable, maintain a 1 metre + rule.</li> </ul>	Medium	Yes	

			<ul style="list-style-type: none"> <li>• Staff can only teach in more than one bubble if they maintain social distancing.</li> <li>• Pupils will be informed not to touch staff or their peers where possible. Staff will support pupils' understanding of the 'no touching' / 'keep your hands to yourself' rules.</li> <li>• Staff should avoid close face to face contact and minimise time spent within 1 metre of anyone.</li> <li>• Staff may need to support a distressed child, side by side for minimum time before washing hands thoroughly.</li> <li>• Remove any unnecessary furniture and equipment.</li> <li>• <b>Good ventilation maintained updated 25.2.21</b></li> </ul>			
Use of school resources in class bubbles	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Where possible keep the use of resources exclusive to each allocated bubble.</li> <li>• Pupils should use their own set of stationery and not share.</li> <li>• All classroom-based resources in continuous provision should be cleaned frequently.</li> <li>• All frequently touched surfaces should be cleaned at break and dinner times.</li> </ul>	Medium	<b>Yes</b>	
Use of school resources shared between class bubbles	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Resources should only be shared between bubbles where absolutely necessary.</li> <li>• Shared resources between class bubbles should be cleaned meticulously or left unused and out of reach for a period of 48 hours (72 hours for plastics).</li> </ul>	Medium	<b>Yes</b>	
EYFS Classrooms / Resources	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Water introduced into all EYFS classrooms. Control measure; warm water with anti-bac soap added and changed daily.</li> <li>• Dressing up clothes in all EYFS classrooms. Control measure; dressing up clothes kept separate for each class bubble - no sharing. Washed as a class set weekly at 40 degrees.</li> <li>• Role play resources in home corner. Control measure in all EYFS classrooms; soaked overnight in a sterilising fluid.</li> </ul> <p>Updated 21/10/20.</p>	Medium	<b>Yes</b>	

Taking items/ resources home	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Unnecessary taking home of equipment / resources is discouraged.</li> <li>• Staff and pupils can take books and other shared resources home, although unnecessary sharing should be avoided.</li> <li>• Hand washing, cleaning of the resources and rotation should apply to these resources.</li> <li>• Meticulous cleaning if items are taken home.</li> <li>• Reading books returned to school will be quarantined for 48 hours before they are given to another child – 72 hours in the book has a plastic cover.</li> </ul>	Low	Yes	
Assemblies / collective worship	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Keep assemblies / collective worship separate to individual bubbles. They will take place within the daily 'Time for Us' session. We will consider virtual assemblies.</li> </ul>	Low	Yes	
Educational Visits	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Educational trips are suspended until further notice. Updated 26.1.21</li> </ul>	Low	Yes	
SEND Pupils	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Support for pupils who have complex needs or who need close contact care, will continue with safety measures in place.</li> <li>• Identify and support pupils with SEND to help prepare them for the changes to routines to meet their needs</li> <li>• Review SEND plan for medicines management.</li> <li>• Review individual risk assessments</li> <li>• A risk assessment will be required to ensure staff who care for these pupils do not have any medical conditions which may put them in an at-risk category.</li> <li>• At risk groups i.e. Black, Asian, and Minority Ethnic (BAME) backgrounds, clinically vulnerable, including pregnant women</li> <li>• Specific risk assessments for individuals must be completed prior to returning to work. Examples of individual risk assessments include:</li> </ul>	High	Yes	

			<ul style="list-style-type: none"> <li>• Staff clinically vulnerable or extremely clinically vulnerable. Steps taken in this risk assessment will mitigate risks to all staff.</li> <li>• Clinically extremely vulnerable maintain social distancing within their roles (check guidance) or work remotely.</li> <li>• High risk categories to take particular care as transmission rate falls.</li> <li>• Administration of Medicine Policy and Intimate Care Policy implemented with additional safety measures for supporting adults. Promoting children's independence.</li> </ul>			
Use of supply teachers and other staff	Staff Pupils	Risk of Infection	<ul style="list-style-type: none"> <li>• Inform supply staff of the arrangements in place – Risk Assessment and Staff Expectations, maintain distance from other staff and pupils.</li> <li>• Safe deployment of supply, peripatetic teachers and temporary staff ensuring they can move between schools minimising contact and maintaining as much social distance as possible from other staff/pupils.</li> <li>• Consider using longer assignments for supply teachers and/or other staff. This will help minimise the number of supply staff visits to the school</li> <li>• Where possible, minimise their movement around school and keep them in the same bubbles.</li> </ul>	Low  Minimum usage	<b>Yes</b>	
Breakfast Club and After School Club	Pupils Staff	Infection Control	<ul style="list-style-type: none"> <li>• Breakfast Club will continue to be available for essential key workers only</li> <li>• Where possible, keep pupils in their class bubbles. Where not possible, look at consistent small groups only.</li> <li>• Siblings in Breakfast Club are in their own separate bubble.</li> <li>• Where possible, arrange for same staff to deliver before and after care provision to reduce risk. Updated 6.1.21</li> </ul>	High	<b>Yes</b>	
Music lessons	Pupils Staff	Singing Playing an instrument	<ul style="list-style-type: none"> <li>• Look at reducing the risk of using particular instruments and allowing large groups. Physical distancing and playing outside whenever possible.</li> </ul>	Medium  No Rock Steady during	<b>Yes</b>	

			<ul style="list-style-type: none"> <li>• No more than 6 pupils' side by side. Where possible, keep pupils in their class bubbles.</li> <li>• No sharing of woodwind instruments.</li> <li>• Good ventilation required.</li> <li>• Singing and instrument playing (high risk activities due to potential for aerosol production) should not take place in larger groups such as school choirs and ensembles, or school assemblies.</li> </ul>	autumn term / Spring 1 2021		
Physical activity / Outdoor learning	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• 3 staggered daily outdoor PE sessions for each class bubble daily.</li> <li>• Contact sports avoided.</li> <li>• Maximise distance between pupils.</li> <li>• Equipment used must be scrupulously cleaned after each use.</li> <li>• Encourage activities such as active mile.</li> <li>• Indoor sports should be small groups only and social distancing carried out and all equipment cleaned after each group use.</li> </ul>	Low  No Premier Sport during autumn term / Spring 1 2021	<b>Yes</b>	
Children requiring the toilet	Staff Pupils	Infection Control	<ul style="list-style-type: none"> <li>• Inform the pupil of the importance of flushing the toilet and washing their hands after using the toilet and where possible on their return to the classroom wash hands again or use hand sanitiser.</li> <li>• Toilet areas cleaned on a regular and frequent basis – 3 times a day and following an incident.</li> <li>• Staff and pupils should be encouraged to check their hands regularly for dryness due to excessive handwashing.</li> <li>• Staff to supervise toilet usage and inform cleaning staff of any issue.</li> <li>• Different groups do not need to be allocated their own toilet blocks, but toilets will need to be cleaned regularly and pupils must be encouraged to clean their hands thoroughly after using the toilet.</li> <li>• Paper hand towels and hand wash are to be checked by staff and replaced as needed.</li> <li>• Enhance the cleaning regimes for toilet facilities particularly door handles, locks, and the toilet flush, etc</li> </ul>	Medium	<b>Yes</b>	

Outdoor learning times (morning, dinner, and afternoon)	Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Pupils reminded of the importance of social distancing before and whilst outside.</li> <li>• Staggered break times for individual bubbles or year groups if space is an issue.</li> <li>• Look at providing activities which can abide by the social distancing rules.</li> <li>• Supervising staff must keep a 2 metre distance from each other at all times where possible.</li> </ul>	Low	Yes	
Staff room	Staff	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Minimise the use of the staff room where possible or a rota system in place if no other available rooms.</li> <li>• Staff spaces to be set up and used to help staff social distance from each other.</li> <li>• Identify the number of staff that can be accommodated in the area to maintain social distancing. Remove furniture to reflect the numbers allowed.</li> <li>• Staggering break times to reduce numbers.</li> <li>• Wash hands on entering and leaving the staff room.</li> <li>• The staff room may be taken out of use and staff eat in other designated areas or stay in their bubbles.</li> <li>• Staff must sit at least 2 metres apart from each other.</li> <li>• Staff must make their own drinks/food and wash, dry and put away their own cups and other crockery and utensils. Sink and draining board to remain clear and clean.</li> <li>• Staff must be able to heat food and make a warm drink.</li> <li>• Staff must clean all equipment / appliances / surfaces that they touch.</li> <li>• Shared use of the fridge is not advised. Staff should bring their own cool bag.</li> </ul>	Medium	Yes	
Outdoor learning times – Classrooms	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Whilst children are outside, bubble staff member cleans tables and door handles with disinfectant.</li> <li>• Wear gloves whilst carrying out this task and wash hands after cleaning.</li> </ul>	Low	Yes	

			<ul style="list-style-type: none"> <li>• Dispose of all single use cloths in a closed bin and empty on a regular basis.</li> <li>• Reusable cloths are used for one purpose by one adult before being double bagged in the sealed container provided.</li> </ul>			
School meals	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Rota system in place for children to eat a hot meal / sandwiches – Staggered mealtimes for each class bubble.</li> <li>• Hand cleaning facilities to be accessed before entering the dining room.</li> <li>• <a href="#">Good hygiene practice</a>, for anyone handling food. Hands to be washed with soap and water for at least 20 seconds before doing so.</li> <li>• Pupils will collect their meal from the servery before going to their class bubble seating area.</li> <li>• Minimise self-serving options.</li> <li>• Check that all pupils' food allergy information is up to date.</li> <li>• Service arrangements to stagger service times to avoid congestion and contact, maintaining social distancing. Staffing required to extend service times.</li> <li>• Plates, cutlery, and glasses should be handwashed in hot soapy water or washed with detergent in a dishwasher rated for disinfection</li> <li>• Training required for mid-day supervisors. Is any additional protective equipment required? (Gloves/aprons)</li> <li>• For deliveries refer to the school office/kitchen deliveries section above.</li> <li>• Pupils should access the hall calmly in class bubbles. Keep class bubbles apart as much as possible with no more than three class bubbles in the hall at any one time.</li> <li>• Tables and stools to be cleaned between each class group using the hall and at end of the sitting.</li> <li>• Midday supervisors and kitchen staff to maintain social distancing where possible from children.</li> </ul>	Medium	<b>Yes</b>	

			<ul style="list-style-type: none"> <li>• <b>Good ventilation maintained. Updated 25.2.21.</b></li> </ul>			
First aid – Minor treatment	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Try to assist at a safe distance from the casualty as much as you can and minimise prolonged face to face contact when dealing with injuries. Updated 5.1.21</li> <li>• First Aiders must always wear gloves when administering first aid procedures.</li> <li>• Where minor first aid treatment is required, First Aiders must ensure they wear gloves and a face mask if prolonged face to face contact when dealing with injuries.</li> <li>• Where possible (age and maturity of child) ask them to wipe away any blood or hold cold compresses etc. Encourage independence before helping.</li> <li>• Ensure records of injury and treatment are recorded and who administered first aid treatment.</li> <li>• Always Wash your hands thoroughly with liquid soap and running water for at least 20 seconds or use an alcohol-based hand sanitiser as soon as possible after contact. Updated 5.1.21</li> <li>• Ensure you safely discard disposable items and clean reusable ones thoroughly. Updated 5.1.21</li> </ul>	Medium	<b>Yes</b>	
First aid – Life threatening, prolonged contact more than 15 mins	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• In the event of a serious injury or incident call 999 immediately. Tell the call handler if the patient has any COVID-19 symptoms. Updated 5.1.21</li> <li>• Wear apron, face mask and gloves when in close contact or dealing with bodily fluids.</li> <li>• Where it is not possible, move them to an area 2m away from people. PPE must only be worn (correctly donning) by staff caring for the child while they await collection if social distance cannot be maintained (such as for a very young child or a child with complex needs.) PPE could include nitrile/latex disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If there is a risk of splashing to</li> </ul>	High	<b>Yes</b>	

			<p>the eyes, e.g. from coughing, spitting, or vomiting, then eye protection should also be worn.</p> <ul style="list-style-type: none"> <li>• <b>ADULTS</b></li> <li>• In the event of CPR being required, it is advised only chest compressions are given. <b>St. John Ambulance <a href="#">Covid-19 advice for first aiders</a></b> says not to perform rescue breaths on the casualty</li> <li>• Use of a defib if available.</li> <li>• Always Wash your hands thoroughly with liquid soap and running water for at least 20 seconds or an alcohol-based hand sanitiser as soon as possible after contact. Updated 5.1.21</li> <li>• Ensure you safely discard disposable items and clean reusable ones thoroughly. Updated 5.1.21</li> <li>• <b>CHILDREN</b></li> <li>• In the event of CPR being required it is advised where possible to continue with the 5 rescue breaths and then chest compressions.</li> <li>• Use of a defib if available.</li> <li>• Always Wash your hands thoroughly with liquid soap and running water for at least 20 seconds or an alcohol-based hand sanitiser as soon as possible after contact. Updated 5.1.21</li> <li>• Ensure you safely discard disposable items and clean reusable ones thoroughly. Updated 5.1.21</li> </ul>			
First aid & Medication	Staff Pupils	First Aid Procedures	<ul style="list-style-type: none"> <li>• First Aiders must always wear gloves when administering first aid procedures.</li> <li>• Ensure records of administration are kept up to date and who administered the medication. Updated 5.1.21</li> <li>• It is advisable a face covering is worn if having to deliver close contact first aid. Where it is not possible, move them to an area 2m away from people. PPE must only be worn (correctly donning) by staff caring for the child while they await collection if social distance cannot be maintained (such as for a very young child or a child with complex needs.) PPE could include nitrile/latex disposable gloves, a disposable apron and a fluid-resistant surgical face mask</li> </ul>	Medium	<b>Yes</b>	

			<p>should be worn by the supervising adult. If there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, then eye protection should also be worn.</p> <ul style="list-style-type: none"> <li>• Any used dressings to be double bagged.</li> <li>• Where any medications are administered try and encourage the pupils to self-administer or consider wearing a face covering (always refer to up to date information from Gov.UK).</li> <li>• Always Wash your hands thoroughly with liquid soap and running water for at least 20 seconds or an alcohol-based hand sanitiser as soon as possible after contact. Updated 5.1.21</li> <li>• Ensure you safely discard disposable items and clean reusable ones thoroughly. Updated 5.1.21</li> </ul>			
Intimate care	Staff Pupils	Lack of Infection Control	<ul style="list-style-type: none"> <li>• When staff are carrying out any intimate care they must (as per their usual requirements): <ul style="list-style-type: none"> <li>○ Wear gloves</li> <li>○ Wear an apron</li> <li>○ Wear a mask</li> </ul> </li> <li>• Nappies, wipes etc. must be double bagged and placed into a closed bin.</li> <li>• Soiled clothes to be double bagged and given to parents on collection of pupils.</li> <li>• Staff must wash their hands once gloves and masks are removed correctly for at least 20 seconds using liquid soap and running water.</li> <li>• A poster to be displayed of instructions which must be followed.</li> <li>• Record all intimate care carried out.</li> <li>• The staff member providing the personal care will wash hands thoroughly before and after providing personal care, using soap and water for at least 20 seconds. Use alcohol-based hand sanitiser if soap and water is not available.</li> <li>• Review SEND plan for medicines management.</li> </ul>	Medium	<b>Yes</b>	

			<ul style="list-style-type: none"> <li>• Consider physical equipment that may be used by pupils such as mobility aids.</li> <li>• NHS hand washing posters have been installed above sinks to give information on good hand washing techniques.</li> <li>• Any pupils who have an Education and Health Care Plan (EHCP) in place may need to have aspects of this reassessed by the appropriate health care professional /parents, against national COVID-19 guidance, particularly with regard to physical health care needs and the use of PPE.</li> <li>• Where a child already has routine intimate care needs, e.g. feeding tube which already involves the use of PPE due to their personal care, they will continue to receive their care as described in their care plan in the same way, using the same PPE, i.e. fluid repellent masks, should be continued. <a href="#">Safe working in education, childcare and children’s social care</a></li> <li>• If a child, young person or other learner becomes unwell with symptoms of Coronavirus while in their setting and needs direct personal care until they can return home, a fluid-resistant surgical face mask should be worn by the supervising adult if social distancing cannot be maintained. The surgical masks used conform to <b>BS EN 14683:2019 Type IIR</b>.</li> <li>• After using the face masks, aprons and gloves they will be correctly doffed and placed straight into a double bag and the bags tied. The bags will then be stored in a locked room for 72 hours before putting them into the external waste bin.</li> </ul>			
Children who are upset	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Where a pupil is upset, it is advised to still maintain a safe distance whilst offering comfort.</li> <li>• Encourage pupil to use a tissue to wipe eyes/nose etc.</li> <li>• If contact is required, consider short contact only, not face to face.</li> <li>• Wash hands after contact for at least 20 seconds using liquid soap and running water.</li> </ul>	Medium	Yes	

Children with behavioural issues	Staff Pupils	Spread of Infection due to close contact	<ul style="list-style-type: none"> <li>• Where possible allow the pupil to vent their frustrations, stand back and offer appropriate nurture support.</li> <li>• Build routines into school culture supported by behaviour expectations and help ensure younger children and those with complex needs understand the need to follow them, e.g. help to clean their hands properly. Skin friendly cleaning wipes can be used as an alternative.</li> <li>• Individual risk assessments for these pupils will identify what type of PPE would be required.</li> <li>• Where possible allow the pupil to be in a room on their own or outside.</li> <li>• If reasonable force is required, and there is a risk of spitting, it may be advisable to wear a face mask.</li> </ul>	High	Yes

Track and Trace	Staff Pupils	Coronavirus Symptoms	<ul style="list-style-type: none"> <li>• If a pupil or member of staff or others are showing symptoms, they must be isolated and go home IMMEDIATELY to self-isolate.</li> </ul>	Low	Yes	

	Others		<ul style="list-style-type: none"> <li>The school to inform staff and parents they <b>MUST</b> be willing to take a test if they are displaying symptoms.</li> <li>All children can be tested (including children under 5).</li> <li>They should provide details of close contacts if they test positive or if asked by NHS track and Trace.</li> <li>Self-isolate for 14 days if they have been in close contact with someone who has tested positive for coronavirus.</li> </ul>			
Accessing a test via the NHS Mobile App.	Staff Pupils Others		<ul style="list-style-type: none"> <li>Staff should only make requests for tests for themselves via the NHS Mobile App. Should you receive a positive result, the App automatically links to anybody that you have been in contact with and is unable to differentiate between tests that you have requested for yourself or family members.</li> <li>Tests for family members should be obtained via the online service or 119 contact number. Updated 21/10/20.</li> </ul>	Low	<b>Yes</b>	
Testing negative	Staff Pupils Others	COVID 19	<ul style="list-style-type: none"> <li>If someone tests negative, if they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating. They could still have another virus, such as a cold or flu – in which case it is still best to avoid contact with other people until they are better. Other members of their household <b>and support bubble</b> can stop self-isolating. <b>Updated 25.2.21</b></li> </ul>	Low	<b>Yes</b>	
Testing positive	Staff Pupils Others	COVID 19	<ul style="list-style-type: none"> <li>If someone tests positive, they should inform their setting immediately and follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day after they first became ill. The first day of symptoms is Day 0. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal.</li> </ul>	Low	<b>Yes</b>	

			<ul style="list-style-type: none"> <li>Other members of their household and support bubble should continue self-isolating for a minimum of 10 days after the first day when the symptomatic person had symptoms, following 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection.' Updated 25.2.21</li> </ul>			
Manage positive cases amongst the school community	School Leaders	COVID 19	<ul style="list-style-type: none"> <li>Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19). Schools should contact the local health protection team. This team will also contact schools directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the school – as identified by NHS Test and Trace.</li> <li>The health protection team will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious, and ensure they are asked to self-isolate.</li> <li>The health protection team will work with schools in this situation to guide them through the actions they need to take. Based on the advice from the health protection team, schools must send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious. Close contact means: <ul style="list-style-type: none"> <li>direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</li> <li>proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual</li> <li>travelling in a small vehicle, like a car, with an infected person.</li> </ul> </li> <li>The health protection team will provide definitive advice on who must be sent home. To support them in doing so, we recommend schools keep a record of pupils and staff in each group, and any</li> </ul>	Low	Yes	

			<p>close contact that takes places between pupils and staff in different groups (see section 5 of system of control for more on grouping pupils). This should be a proportionate recording process. Schools do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome.</p> <ul style="list-style-type: none"> <li>Household members <b>and support bubble</b> of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms. If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 10-day isolation period they should follow 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection'. <b>Updated 25.2.21</b> They should get a test, and:             <ul style="list-style-type: none"> <li>If the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period. This is because they could still develop the coronavirus (COVID-19) within the remaining days.</li> <li>If the test result is positive, they should inform their setting immediately, and must isolate for at least <b>10</b> days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 10-day isolation period). Their household should self-isolate for at least 10 days from when the symptomatic person first had symptoms, following 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection'.</li> <li>Schools should not request evidence of negative test results or other medical evidence before admitting pupils or welcoming them back after a period of self-isolation.</li> <li>Further guidance is available on testing and tracing for coronavirus (COVID-19). Updated 26.1.21</li> </ul> </li> </ul>			
--	--	--	--	--	--	--

Contain an outbreak	School Leaders	Not following advice	<ul style="list-style-type: none"> <li>• If schools have two or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak, and must continue to work with their local health protection team who will be able to advise if additional action is required.</li> <li>• In some cases, health protection teams may recommend that a larger number of other pupils self-isolate at home as a precautionary measure – perhaps the whole site or a year group. If schools are implementing controls from this list, addressing the risks they have identified and therefore reducing transmission risks, whole school closure based on cases within the school will not generally be necessary, and should not be considered except on the advice of health protection teams.</li> </ul>	Low	Yes	
Ill health	Staff Pupils Others	Coronavirus Symptoms	<ul style="list-style-type: none"> <li>• Staff are informed of the symptoms of possible coronavirus infection, e.g. a new continuous cough, high temperature, loss or change to your sense of smell or taste and are kept up to date with national guidance about the signs, symptoms and transmission of coronavirus.</li> <li>• Any member of staff who develops coronavirus symptoms at school will move at least 2 metres away from everyone, gather their personal belongings, communicate with senior leaders so that cover can be made before leaving school as soon as possible to book a test.</li> <li>• Any pupil who displays signs of being unwell, such as having a cough, fever, loss or change to sense of smell/taste, and believes they have been exposed to coronavirus, is immediately taken out of the class and placed in an area where they will not come into contact with others and are supervised at all times. Our interview room will become our isolation room when needed.</li> <li>• PPE must only be worn (correctly donning) by staff caring for the child while they await collection if social distance cannot be maintained (such as for a very young child or a child with complex needs.) PPE could include nitrile/latex disposable gloves, a</li> </ul>	Low	Yes	

			<p>disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, then eye protection should also be worn.</p> <ul style="list-style-type: none"> <li>• Following any contact with an unwell person, staff/first aider must wash their hands for at least 20 seconds with liquid soap and running water. The member of staff does not need to self-isolate, only do if case is confirmed by test and trace. The area around the unwell person must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people (refer to cleaning section below.) Parents called to collect child.</li> <li>• Ensure aprons, nitrile/latex disposable gloves, splash resistant goggles and surgical face masks that conform to BS EN 14683:2019 Type IIR are procured. These should be procured through the school's normal supply chain, should this fail they may be able to be procured from the local resilience forum (LRF.)</li> <li>• Ensure adequate stocks of PPE and first aid provisions are available at all times.</li> <li>• The relevant member of staff calls for emergency assistance immediately if pupils' symptoms worsen.</li> <li>• The parents of unwell pupils are informed as soon as possible of the situation by a relevant member of staff. They must collect their child as soon as possible and book a test.</li> <li>• Where contact with a pupil's parents cannot be made, appropriate procedures are followed in accordance with those outlined in governmental guidance.</li> <li>• If unwell pupils and staff are waiting to go home, they are instructed to use different toilets to the rest of the school to minimise the spread of infection - the disabled toilet in reception. This will then be thoroughly cleaned.</li> <li>• Any pupils who display signs of infection are taken home immediately, or as soon as practicable, by their parents – the</li> </ul>
