

Twice-weekly tests for household members

The link at the end of this article takes you to an explanation of who will be able to access twice-weekly test kits from school and where other connected people, such as members of the same household can get their kits. It states:

“This section does not apply to secondary school pupils, and primary and secondary school staff, who should take twice-weekly tests using home test kits provided by their school.

From 1 March 2021, if you're a member of a household, childcare bubble or support bubble of staff or a pupil you can get a twice-weekly test:

- through your employer if they offer testing to employees
- at a local test site
- by collecting a home test kit from a test site
- by ordering a home test kit online.”
