What can you see?

What's in the sky?

What can you see/hear/smell in the day?

What can you see/hear/smell and touch at night?

What can you see?

I wonder what animals do at night?

How can we stay safe in the dark?

What do you do at night?

Our Superstar Learner of the week!

Well done Zephy! You have been such a busy learner at home this week.
 We love your night time painting and your name in leaves.

Can you sort the pictures?

Which activities do we do in the daytime? Which do we do at night?

What else we do during the day or at night?

Draw your own pictures and then add them to the correct group.

Have a go at sequencing an activity that you do everyday, such as getting ready for school or getting ready for bedtime.

Draw each step of the activity, jumble up your pictures and then put them back in the correct order. What comes first, next and last?
