

Dear Parents and carers,
This term we are learning all about dinosaurs!
Please support your child in choosing at least one project to complete. If you would like to do more, that would be great!

The final date to hand in the project is Monday 11th July 2022. Then the children will have a celebration day when they share the projects they have completed at home with your help.

If you have any questions, please ask your child's class teacher.
Thank you for your support.

Project 1 –

Make dinosaur footprints. For example you could draw a footprint with your finger into soil, sand or flour. Don't forget to take a photo to share your creation!

Project 2 –

Make a ROARsome moving dinosaur card. This could be using mechanisms such as: pop up, sliders or levers designs.

What's in the egg?

Creative Homework Year 2 - Summer 2

Project 3 –

Scientists make guesses about what colour or patterns dinosaurs had. Invent and design your own dinosaur. What would it look like? What features would it have? Don't forget to give it a name! You can do this with any drawing materials or even make a sculpture using recycled materials.

Project 4 –

Make a dinosaur accessory to wear, such as a mask, headwear, shoes, clothes, tails, wristbands...

Project 5 –

Research fossil hunter 'Mary Anning'.
Make a fossil with whatever materials you have at home.
E.g Paper straws, pasta, sand, chalk, foil, cotton buds

Project 6 –

Using different Design and Technology joining techniques create a model of a dinosaur habitat
