Our uniform is fully inclusive, it is practical and affordable.

Reasonable adjustments to our uniform policy can be made for children with additional needs.

We expect children to wear their uniform smartly. Collars will be folded down. T-shirts will be tucked in. When children take off their jumpers/cardigans, they will be folded and stored in classroom trays. Jumpers/cardigans will not be tied around children's waists.

Children will be given sufficient time at the end of the day to leave school looking smart and ready for the outside weather.

By creating a common identity amongst all children, regardless of background, a school uniform can act a social leveller. It can reduce bullying and peer pressure to wear the latest fashions or other expensive clothes.

We sell our own logo branded uniform at cost value. Any savings are passed onto parents and carers.

Generic items of uniform can be purchased from a range of retailers, giving parents choice and value for money.

Arrangements are in place so that second hand school uniform is available as and when appropriate. Extending the life of garments is more sustainable.

We are proud of how smart our children look when they come to school.
